

Green Technology & Sustainability Development (GTS)

Coastal & Offshore Engineering, Water Resources, Sustainable Buildings, Disaster Prevention, Photovoltaic Applications, Fuels Cell Technology, Waste Management & Utilizations, Micro Energy Technology, Batteries & Supercapacitors, Power Electronics, Hybrid Energy Conversion, Smart Energy Converter, Electronic Transformer, Environmental Pollution

Frontier Materials & Industry Applications (FMI)

Nano Materials, Nanostructures, Superconductor, Fracture Mechanics, Advanced Polymers, Advanced Ceramics, Defence Materials, Flight Technology, Carbon Nanotube, Nanosensors and nanotracking, Nano Pharmaceutical, Biomedical and Pharmaceutical Instrumentation, Automation and Robotic, Advanced Signal Processing, Unmanned Aerial Vehicle, Automated Guided Vehicle, Agro-Technology, Industrial Electronics.

Advanced Computation & Communication (ACC)

Trusted Computing, Infrastructure & Security, Grid & Cluster Computing, Middleware & tools, Industrial Informatics, Bioinformatics, Laboratory Informaton Management System, Wireless Communications, Mobile Communications, Radio Frequency Applications, Warefare Media & Information, GIS & Remote Sensing, Environmatic, Human Computer Interaction, Applied Statistics

Drug Discovery & Health (DDH)

Medical Molecular Biotechnology, Computational Biology, Diagnostics & prognostics, Health diagnostics, Nano Pharmacy, Natural Products, Pharmacogenomics, Bioinformatics

Humanities & Quality of Life (HQL)

Health Promotion and Management, Drug Policy and Health Economics, Asian Learning & Teaching, Ethics & Governance in Nanotechnology, Cyberlaw & Governance , Environmental & Social Impacts of Advanced Materials, Economy and Trade Management, Urban Studies, Tropical Architecture & Interior, Frontiers in Education, Policies & Governance, Sports Science & Technology, Advanced Hospitality, Performing arts, Cardiovascular Diseases, Arthrosclerosis, Hepatobiliary and Gastrointestinal Diseases, Personalised Medicine, Space Medicine.

Forensic Science (FSC)

Criminalistics, Trace Evidence, Forensic Ballistics, Forensic DNA, Forensic Pathology, Crime Scene Info, Forensic DNA, Forensic Serology, For. Pathology, For. Toxicology, Computer Forensic, Forensic Accounting, Forensic Anthropology, Forensic Odontology, Linguistics, Entomology, Forensic Engineering, Environmental Forensics, Forensic Animation, Forensic Art, Forensic Photography, Forensic Nursing, Forensic Psychology.

Brain & NeuroScience (BNS)

Alzheimer's Disease, Parkinson's Disease, Down Syndrome, Addiction, EEG Measurements, Aura Measurements, Gait Measurements, IRIS Measurements
